## REPORT OF THE BOARD OF EDUCATION.

---

At the close of another school year, the Board of Education would respectfully present to the citizens of the town of Swanzev, their fifth annual report; congratulating you and themselves that such harmony has prevailed among all interested, and that a good degree of success has attended our efforts to promote the cause of education in our midst.

There have been, during the year, three terms each in eleven schools. In six of these schools, the same teachers employed last year have continued through this year, and, with scarcely an exception, with marked success. Two other teachers simply exchanged schools, thereby gaining somewhat in adaptability. In No. 4, the teacher of last year remained one term and then resigned in order to secure a season of rest and recreation. The other schools have been under the charge of teachers new to this town, though most of them have had experience and success in other towns. We are satisfied that when a term of school has been even fairly successful, it is usually wiser to retain the same teacher for a succession of terms than to introduce frequent changes. Except in No. 4 already mentioned, and No. 9, there has been no change during the year. The last mentioned school is the only one in town of which we cannot speak with satisfaction. The teacher employed the first term was inexperienced, but had enjoyed fine educational advantages, including a year's training at the Normal school. She was efficient in many respects, but failed, in part, to adapt her management to the school. The teacher the second term was a lady of superior training, attractiveness and moral character, yet the scholars failed to so sustain her in her efforts as to make the school a real success. The third term was fully satisfactory,

except that the number of scholars in attendance was less than half those attending in the Summer term. In all the other schools, we are satisfied that, throughout the year, the teachers and most of the scholars have labored faithfully and persistently, and have received the certain reward of such efforts. We might call attention to special points of excellence in different schools, were it not almost impossible to do this without seeming negligence of equal points of excellence in other schools.

The teachers' meetings held during the Fall term were largely attended and the suggestions made upon methods of teaching and management were practical and excellent, and we think helped in giving efficiency to the schools.

The whole number of different scholars has been 319, six less than last year; 166 boys and 153 girls. The average attendance has been 235, sixteen more than last year. The better showing in average attendance is, in part at least, due to the greater exemption from sickness of an epidemic character. The school in No. 1 was suspended for two weeks on account of prevailing sickness, yet the average attendance in that school is considerably lowered, notwithstanding. The *promptness* of attendance is still an encouraging feature in most of the schools. No. 10 has the distinction of having the fewest instances of tardiness, only one during the entire year, and No. 8, the distinction of having the greatest number, viz:—37.

Exclusive of No. 1, the school in which has not closed at the time of writing this report, 13 scholars in town have not been absent or tardy during the entire year viz:—4 in No. 2; 3 in No. 5; 2 in No. 7; 1 in No. 9; 2 in No. 10 and 1 in No. 11 Primary. Most of the schools have a much larger number of names on the roll for perfect attendance for one or two terms.

At the close of the Summer term in No. 2, a beautiful U. S. flag, the gift of C. M. Lane of East Swanzey, was presented to the school with appropriate exercises. When we remember that the pupils in our schools are in a few years to influence the destiny of the country, we can but commend anything tending to nourish patriotic sentiment, and we hope other generous friends may follow Mr. Lane's example.

## COMPULSORY ATTENDANCE OF CHILDREN AT SCHOOL.

[GENERAL LAWS, CHAPTER 91.]

SECTION 14. Every parent, guardian, master, or other person having the custody, control or charge of any child between the ages of eight and fourteen years, residing in any school district in which a public school is annually taught for the period of twelve weeks or more within two miles by the nearest travelled road from his residence, shall cause such child to attend such public school for twelve weeks at least in every year, six weeks at least of which attendance shall be consecutive, unless such child shall be excused from such attendance by the school committee of the town, or the board of education, upon its being shown to their satisfaction that the physical or mental condition of such child was such as to prevent his attendance at school for the period required, or that such child was instructed in a private school or at home for at least twelve weeks during such year in the branches of education required to be taught in the public schools, or, having acquired those branches, in other more advanced studies.

---

[GENERAL LAWS, CHAPTER 91, AS AMENDED BY LAWS OF 1881, CHAPTER 56.]

SECTION 1. No child under sixteen years of age shall be employed in any manufacturing establishment, unless he has attended some public school, or private day school where instruction was given by a teacher competent to instruct in the branches taught in the common schools, at least twelve weeks during the year preceding; and no child under said age shall be employed, except in vacation of the school in the district in which he resides, who cannot write legibly and read fluently in readers of the grade usually classed as third readers.

SECT. 2. No child under the age of fourteen years shall be employed as aforesaid unless he has attended school as aforesaid at least six months during the year preceding, or has attended the school of the district in which he dwelt the whole time it was kept during such year; and no child under twelve years of age shall be so employed unless he has attended the school of the district in which he dwelt the whole time it was kept during the year preceding.

At the June Session of the Legislature, 1889, the following Act was passed relative to text-books and school supplies.

*Be it enacted by the Senate and House of Representatives in General Court convened:*

SECTION 1. The school committee of every city and town shall purchase, at the expense of such city or town, text-books and other supplies used in the public schools; and said text-books and supplies shall be loaned to the pupils of said public schools free of charge, subject to such rules and regulations as to care and custody as the school committee may prescribe; *provided*, that in purchasing the first supply of text-books under this act the school committee may effect a change in the text-books previously and then in use upon any subject.

SECT. 2. Pupils supplied with text-books at the time of the passage of this act shall not be supplied with similar books by the committee until needed.

SECT. 3. This act shall take effect upon the first day of January, eighteen hundred and ninety.

Approved July 30, 1889.

We have had one year's trial of the above law requiring text-books and school supplies to be furnished at the expense of the town; and though the difficulties and obstacles attendant upon the introduction of any new plan of operations have to some extent been encountered, we are satisfied that the change has been in the line of general economy and efficiency. Buying at wholesale, the price is a very liberal discount on that formerly paid by individuals, and there is no hindrance to progress because some pupils are not supplied. The amount expended will somewhat exceed the special appropriation of \$500, but a like appropriation will be sufficient to meet the deficiency and the expense for books and school supplies the coming year. We have made only such changes in text-books as were deemed necessary, and have found no reluctance on the part of scholars to use the books they had on hand. An exact account has been kept by the teachers with each scholar, so that by consulting these records we can tell precisely what has been furnished each individual, and the manner in which the books have been used. We are glad to acknowledge the exercise of great care on the part of the scholars generally.

In a few instances where books had been seriously injured by carelessness, such books have been paid for by the parents. The reports of the teachers show that most of the books are still in "good" or "fair" condition. Naturally the books which show the hardest service are the primers and spellers issued to the smallest children. These, when worn out, can be replaced at less expense than any others.

We are satisfied that in most respects the schools throughout the town have maintained as high or a higher grade than formerly. In most districts a good degree of interest has been manifested by a part of the parents, in the school; yet many still need the exhortation of former reports to come out and see for themselves what their children are doing. The teachers are at work not for the Board of Education but for you. These are *your children* that are being educated, and you will increase *their* interest and materially assist their teachers by *manifesting* your interest in their work.

GEORGE I. CUTLER,  
ALONZO A. WARE,  
H. WOODWARD,

*School Board.*

## REPORT OF SELECTMEN AND TREASURER.

We, the Selectmen and Treasurer of the town of Swanzey, submit the following report for the year ending March 1st, 1891.

### APPROPRIATIONS AT THE ANNUAL MEETING IN MARCH 1890.

Repair of highways,	\$1,200 00
Support of bridges,	500 00
Supplies for schools,	500 00
Support of poor,	500 00
Town charges,	1,200 00
Care of cemeteries,	100 00
Decoration of soldiers' graves,	50 00

### APPROPRIATED AT THE ANNUAL SCHOOL MEETING IN MARCH, 1890.

Repairs of school property,	\$200 00
-----------------------------	----------

### APRIL INVOICE, 1890.

Resident real estate,	\$402,925 00
Non-resident real estate,	97,925 00
Mills and machinery,	38,450 00
Stock in trade,	30,550 00
Money at interest,	16,910 00
Stock in banks and other corporations,	6,400 00
Stock in public funds,	2,800 00
406 polls,	40,600 00
365 horses,	28,445 00
646 cows,	13,454 00
60 oxen,	2,425 00

249 other cattle,	\$3,067 00
503 sheep,	1,497 00
19 hogs,	125 00
31 carriages,	2,005 00
Total valuation,	\$687,578 00
Rate per cent, \$1 20	
Tax resulting,	\$8,250 94
Tax on 120 dogs,	130 00
Fire district tax (West Swanzy),	206 73
Unpaid highway labor tax 1889,	44 42
Added to Collector's book,	4 71
Total amount committed to Collector,	\$8,636 80"

### RECEIPTS FOR 1890.

Remaining in treasury March 1st, 1890,	\$1,097 82
Tax remaining in Collector's hands,	585 00
Savings bank tax for 1890,	3,953 24
Literary fund, " "	346 68
Railroad tax, " "	98 13
Received of county for support of paupers,	110 76
Received of county, aid to dependent soldiers and their families,	104 53
Sale of cemetery lots,	14 00
Received of Arthur Clouter, abatement dog tax 1885,	1 00
Received of John Conboy, sale of sheep,	20 00
H. D. Thompson, drain pipe,	31 68
Collector, interest on taxes 1889,	21 39
Lyman Stone, for plank,	3 52
Arthur Eames, for taxes,	1 20
License of pool table,	10 00
	<hr/>
	\$6,398 95

### MONEY BORROWED.

July 1st, 1890, George E. Whitcomb,	\$400 00
